

God initiates

December 10, 2014

God Initiates

- God initiates
- God leads
- God does not play catchup
- The devil play catchup
- The solution was introduced before the problem
- When God releases new anointing of health, the devil counter reacts and create new viruses.
- When we see a new virus, that means God has already poured out a new anointing of healing.

Example from Bible

When Jesus was born

- When baby Jesus was born, in Bethlehem
 - The Champion saviour was born
 - The dragon slayer
 - The promise seed of Abraham
- **Very less people knew it**

When devil knew that Jesus was born

- When the devil realize that the Champion Baby was born, He instigated king Herod to kill all babies in Bethlehem
- When death was carried out in the city of Bethlehem, everyone was crying, weeping, Rachel weeping for her children. Everyone was conscious of the death. It was conspicuous.

- But the news **never** covered that the Champion Baby was born.

How to know what God is doing

- If you cannot tell what God is doing, see what the devil is doing , reverse it, you know what God is doing
- If your body has been attached, that means God has released a new anointing of health.
- Devil will try to give more lying symptoms that you will not believe healing
