Are you Selfish?

April 11, 2016

- When you have a toothache, will you think about the missionary in the village?
- When you have a headache, are you short tempered?
- When you are sick, are you focusing on yourself?
- When you are not feeling well, are you a disturbance to others?

Yes.

So let’s not blame others

- When you are Christ centered, you won’t have any diseases and you will be removed from selfishness.
